DEADLY TOY PISTOL

Gets in Its Work in Earlinton—Has Four Victims and One Death to Its Credit.

CAUSED FROM LOCKAWA.

The deadly toy pistol is getting in its work early this Christmas. Already it has four victims and one death to its credit. On last Wednesday Charley Rousey, the son of Switchman Rousey, accidentally shot himself in the hand with a toy pistol. The wound was thought to be slight at first, but afterward developed into tetanus, from which he died at 10 o'clock Monday morning. The little son of Scott Lamb also shot himself with one of these deadly toys on last Thursday and is suffering greatly from the effects of the wound, which has all symptoms of tetanus. In addition to these unfortunate ones two little colored boys were shot since, one of whom recovered. The other is still in a bad condition. In view of these facts and to save others from a similar fate, the Council of Earlinton has issued the following ordinance:

The City Council of the City of Earlinton do ordain as follows:

That on and after Dec. 7, 1903, it shall be and it is unlawful for any person to have, handle, display, carry, use, fire, discharge, sell, or expose for sale within the corporate limits of the City of Earlinton any pistol, commonly known as or called the toy pistol, designed to carry, shoot or explode a blank cartridge; or any pistol having a barrel one-half inches in length and one inch in diameter, and any person who shall violate this ordinance, or any part or parcel thereof, shall be guilty of misdemeanor, and upon conviction conviction therefor, shall be fined not less than \$10 nor more than \$50 for each offense.

W. M. F. BURR, Mayor.

W. ERNEST RASH, Clerk.

Perry-Jordan.

Mr. H. R. Perry and Miss Lula Jordan, both of Russellville, were united in marriage last Wednesday morning at 10 o'clock at the home of Mr. and Mrs. J. Frank Carter, of East St. Louis, Ill. Miss Jordan is the youngest daughter of Mr. and Mrs. Coleman Jordan, of Guthrie, Ky., and a sister of Mrs. J. E. Fawcett of this city. She is an estimable young lady and has for several years past been a way operator for the Cumberland Telephone Co. at Russellville, Ky., where she made many warm friends. Mr. Perry is a young man of good family. The Bee in conjunction with their other friends wish the happy couple a long and prosperous life.

Tale of Two Cities Changes Hands.

State Senator N. W. Utley, Messrs. W. S. King and J. E. Greenway, of Eddyville, Ky., have purchased the Tale of Two Cities and a new outfit complete. These gentlemen expect and hope to make "Tale of Two Cities" an up-to-date newspaper. Senator Utley will be the editor and Mr. Greenway is the practical man of the firm. Here's to the new firm.

"Human Hearts."

"Human Hearts" was just as we expected, good. There is a lesson taught in this play that makes it a great deal better than many of the attractions that come to Earlinton. The plot is simple and easily followed; the climaxes are effective and some of the scenes tender and touching. "Human Hearts" is a play that will succeed in any intelligent community and one that will always find a warm welcome in Earlinton.

CONFESSED MURDER.

Six Negroes Arrested Charged With the Crime at Pembroke.

Hopkinsville, Ky., December 12.—Six colored men were arrested at Pembroke tonight, charged with the murder of the unknown white man whose mutilated body was found near there November 14. George Holland confesses that he cut the man's throat after Frank Merritt had knocked him in the head with an ax handle. The negro had seen the man in a saloon with a roll of bills, and followed him to where he had built a fire in the woods, and was found asleep.

Holland's queer actions gave a clew to the identity of the murderers. Ed Mosley had witnessed the murder, but did not recognize the men. In order to hide their crime the men cut off and mutilated the head of the victim and then buried it. There is another party implicated not yet arrested. A reward of \$400 has been offered for his arrest. The others arrested tonight were Frank Massie, Dick Carney, Chas. Finch and Bill Garrott. The prisoners will be brought here.

Three other negroes have since been arrested and jailed charged with complicity in this crime.

FURTHER TIME

Granted Madisonville Traction Company to Prove That It Is Corporation.

AUTHORIZED TO CONDUCT CONDEMNATION PROCEEDINGS.

The case of the Madisonville Traction Co. versus the St. Bernard Mining Co. for the condemnation of lands for right of way for a proposed electric line from Madisonville, was again before County Judge Givens yesterday.

The defendant filed a special demurrer to the petition of the plaintiff, upon the grounds that pleadings failed to show the Madisonville Traction Co. was authorized to build 10 miles of road as required by law. By leave of court attorney for the plaintiff amended the petition and alleged that plaintiff was authorized to build 10 miles. The general demurrer of defendant was overruled. Answer and exceptions to commissioners' report was filed, answer denying that plaintiff was a corporation authorized to conduct condemnation proceedings. The plaintiff was granted further time to make proof that it is such a corporation and has such power. Case was reset for next Wednesday to be heard on this point. Other questions of fact to be reserved for later hearing.

A Trip in the Mines.

A jolly party of pleasure seekers went through No. 11 mine Tuesday night and had a ride on the new motor cars. The cars were lined with cloth in order to prevent the ladies from soiling their clothes. Mr. and Mrs. H. L. Browning chaperoned the party and all who had the pleasure of taking the trip were delighted with the novel experience of being whirled swiftly underground through the darkness. The followed composed the party:

Dr. and Mrs. A. O. Sisk, Mr. and Mrs. B. B. Hackney, Mr. and Mrs. C. H. McGary, Messrs. Bryan Hopper, E. G. Sebree, J. Y. Montague, W. L. Gordon, Jas. Maloney, Jno. Long, Misses Annie Moore, Annie Ashby, Anna Rice, Georgia Wyatt.

Don't go off half-cocked about Turkey. Remember Behrert.

A SAD ACCIDENT.

David Eudaley Falls From Top of a Box Car and is Seriously Injured.

HE IS STILL UNCONSCIOUS.

David Eudaley, who has been employed as switchman in the Earlinton yard for about two months, was found lying between the tracks in an unconscious condition last Thursday evening. He was at once removed to the St. Bernard hospital, where he has since remained in a stupor, having never regained consciousness. It is supposed he fell upon his head, as there was a slight swelling above the right eye and no evidence of injury elsewhere. The jaw of his head striking the frozen ground evidently caused concussion of the brain. Since last Thursday he has had no nourishment except milk given through a rubber tube. Mr. Eudaley is a son of Mr. and Mrs. G. A. Eudaley, of Nebo, Ky., who have both been with their son since his injury. It is unnecessary to say that he is receiving the best medical treatment that can be obtained and everything possible is being done for him.

ROSE CREEK COAL & MINING COMPANY.

File Articles of Incorporation. New Company Near Nebo Capitalized at \$30,000.

The Rose Creek Coal and Mining Company have filed articles of incorporation with the county clerk at Madisonville. The incorporators are: W. D. Coil, of Nebo; James West, T. W. Blakely, C. B. Mathews and B. J. Mathews, of Hopkinsville.

The capital stock of the company is \$30,000, divided into shares of \$100 each and the stock is held as follows: James West, \$8,000; W. D. Coil, \$7,000; T. W. Blakely, \$4,000; C. B. Mathews, \$2,000; B. J. Mathews, \$2,000.

The business of the corporation will be to open and develop coal mines near Nebo, which is already being done and arrangements have been made to build a switch from the mine to connect with Providence branch of the L. & N. at Nebo, a distance of two miles. The principal office and place of business of the corporation will be at Nebo.

The company has a considerable body of land there and the vein of coal is one of the finest to be found in the country.

JOSEPH GOOCH ENDS HIS LIFE.

Prominent Farmer Near Slaughterhouse Cuts His Throat With a Razor.

Joseph Gooch, a well known farmer living near Slaughterhouse, Ky., committed suicide last Wednesday morning by cutting his throat with a razor while his wife was out milking the cows.

Mr. Gooch sent the children into another room, secured a razor and cut four deep gashes in his throat. When found by his wife and children he was lying in a pool of blood and life was almost extinct. A doctor was hurriedly summoned, but when he arrived the dying man was beyond human aid.

Mr. Gooch was a sober, reliable man and a good, law abiding citizen, and had many friends in the community. He had been in ill health lately and it is supposed he was partially demented when the deed was committed. The deceased was about forty-five years old and leaves a wife and several children. His wife was a sister of Mr. H. H. Prather, of Madisonville.

BURNED TO DEATH.

Four-Year-Old Child Catches on Fire.

Wednesday morning the four-year-old child of Lee Anderson, a colored miner living near the lake caught on fire from the grate and was so badly burned before the flames could be extinguished that it died in a short while. The child's mother was away from home at the time of the accident and the only one near to render assistance was an eight-year-old sister, who caught the burning child in her arms and rushed to the hydrant with it to try and extinguish the flames. By this time the frightened outhouse of the children brought assistance but it was too late as the child had inhaled the flames.

BURGLARS

IN TOWN.

Long and Crenshaw Robbed Saturday Night and an Effort Made to Break in Devylder's Store.

NO CLEW TO THE PERPETRATORS.

Saturday night was burglars' night in Earlinton. Two stores were robbed by the light fingered gentry and an attempt to enter the front door of Devylder's store was frustrated by his son Frank being awakened. He at first thought some customer was rattling the door trying to awaken him and on going to the door was surprised to find some one trying to insert a key in the lock from the outside. He placed his key in the lock and quickly opened the door. A negro was standing there with a brown overcoat and cap on. Young Devylder asked him what he wanted, but the negro ran as soon as the door was opened.

On the same night some one broke in Crenshaw's dry goods store and M. B. Long's restaurant, but were frightened away before obtaining anything of value.

INVITATIONS ARE OUT.

Miss Grace Higbee Tinder and Mr. William Quincy Adams.

CHURCH WEDDING ON JANUARY 5.

Invitations to the marriage of Miss Grace Higbee Tinder and Mr. William Quincy Adams are out. The marriage will take place at the Christian Church, Madisonville, Tuesday afternoon, January 5th 1904 at 2 o'clock. Rev. S. F. Fowler pastor of that church will perform the ceremony. A special musical program is being arranged, and the church will be beautifully decorated for the occasion. This is to be one of the chief social events of the season at Madisonville and it is looked forward to with much pleasure by the many friends of the charming bride and popular groom-to-be. Miss Tinder is the daughter of Mr. and Mrs. Alonzo Tinder, of Madisonville. Mr. Adams is the publisher of the Owensboro Daily and weekly Inquirer, and one of the most successful publishers in Kentucky. The bride and groom will leave for an extensive wedding journey in the South, after the ceremony.

Striking Miners Attack Deputies.

From Trinidad, Colo., comes news of an ambuscade of deputies and clerks by a band of striking miners. The engagement lasted some minutes on both sides and the ambuscade party escaped. The deputies were driving through the country at the time of the attack. None were wounded. This differs from the Barnsley ambuscade of Messrs. Barnett, Harlan, Price and Porter, in that it was in the daytime and the deputies had an opportunity to defend themselves. In the west, as happened here, the unionists are not making any gains by the violence and outrages they daily perpetrate.

Ward & Wade's Minstrels.

This was a good, clean show and some of the specialties were above the average. The tumbling was unusually fine. The house was well filled and the audience appreciative.

MINING NOTES.

The Rose Creek Coal and Mining Company, of this county, filed articles of incorporation with Secretary of State Hill at Frankfort, last Friday. The incorporators are W. D. Coil, Nebo; James West, F. W. Blakely, C. B. Mathews and B. J. Mathews, of Hopkinsville. The business of this company will be to open and develop coal mines near Nebo. The principal office and place of business will be at Nebo.

The Buffalo Creek and Tradewater Coal Mining and Railroad Company is putting in some fine electrical machinery at the Daniel Boone mine.

A lot of Pittsburg capitalists who hold options on 5,000 acres of coal lands between Providence and Nebo, were in the county last week and state that they will take up the options as they expire, which falls on the 19th of this month.

A portion of the coal fleet that passed Uniontown going south last week has stranded near Goldsboro and will be a complete loss. Two boats that were in advance of the fleet lost their tows by them going to the bank. A number of barges are badly scattered along the river making it difficult for vessels to pass. It is not likely that the coal will be lost, as the bed of the Ohio is of gravel, which makes recovery of lost cargoes quite easy.

The Deer Creek Mining Company is meeting with splendid success on its property near Sheridan, a small hamlet a few miles west of Marion, in Crittenden county. Steam machinery has recently been placed in position for hoisting and drilling. The ore is quite massive and is composed almost entirely of sulphate of zinc.

It is announced that the four gentlemen who purchased the Miller property in Crittenden county, will place a concentrating plant on their property as soon as arrangements can be made.

A firm of Terre Haute, Ind., capitalists have secured options on 1,434 acres of mineral lands lying in the vicinity of Robards Station in Henderson county. The object of the company it is stated is to open coal mines for doing a commercial business in coal and coke.

Nearly two-thirds of the 2,000 miners of the Northern Colorado coal fields have resumed work and it is believed that the full force will soon be at work.

The city of Louisville, has contracted for 20,000 bushels of coal to be distributed among the poor when the winter weather grows severe.

Sturgis, Ky., Dec. 12.—Walter Henderson, thought to be over 100 years old, who came here from England so long ago that nobody remembers the time, was run over by mine cars at Dekoven, and killed. He was a unique character, no one ever learning anything of his family or previous history. He claimed, however, to have shaken hands with the parents of the late Queen Victoria.

MID-WINTER
MEETING.

Kentucky Press Association Held at Louisville.

TALKED SHOP AND THE WORLD'S FAIR.

The midwinter meeting of the Kentucky Press Association was held at the Galt House, Louisville, Ky., Dec. 12 with Paul M. Moore, president, presiding. Mr. Moore read a lengthy report reviewing what had been done by the association since its last meeting in June last. The report was unanimously adopted. A report by W. Brown, of the Harrodsburg Democrat, on advertising laws, was ably discussed by H. A. Sommers, W. H. Jones, Ed. Shinnick, B. B. Jones, J. J. Gleason and Tim Neffinger. The discussion was followed by a paper on the "Mechanical Department of Newspaper Work," read by L. L. Landram, vice president of the association.

The Rev. Dr. E. L. Powell, pastor of the First Christian church, delivered a talk on the subject of "The Press and the Pulpit," and spoke of the close alliance of the two great influences for good. The address was seasoned with philosophy and humor, and was greatly enjoyed. E. E. Morningstar, of the Bowling Green Courier, secretary of the association, in his report, which touched mainly on Kentucky Day at the World's Fair. The association will attend the fair in a body on that occasion.

The association will hold its annual business meeting in Louisville May 31, and instead of the annual outing trip will go from here to St. Louis to be present on Kentucky Day at the fair on June 2. Special days will be extended by the association by the World's Fair management and the concessionaries.

The meeting closed with a dinner at the Galt House last night. The following members attended the meeting: Paul M. Moore, Earlington; H. A. Sommers, Louisville; L. L. Landram, vice president; L. E. Morningstar, Bowling Green Courier, secretary; E. A. Guillou, chairman Executive Committee, New Castle Local; A. Y. Ford, Courier-Journal; T. C. Underwood, Hopkinsville New Era; R. E. Hughes, Courier-Journal; John B. Gaines, Bowling Green; C. C. Pare, Franklin Favorite; B. B. Cozine, Shelbyville News; J. J. Barry, New Haven Echo; H. A. Sommers, Elizabethville News; J. G. Craddock, Paris Kentuckian-Citizen; Charles Cruise, Louisville Elk; J. W. Hedden, M. Sterling Advocate; J. W. Hopper, Courier-Journal; W. H. Jones, Glasgow Republican; J. O. Conley, Indiana Clipper; R. R. Perry, Winchester Sun-Sentinel; W. B. Rickman, Shelbyville Times; R. W. Brown, Louisville Times; J. D. Babcock, Cleverport News; Lew B. ASSAULTS DR. LACKY

Druitt Kingsley Makes Desperate Attack and Escapes.

Hopkinsville, Ky., Dec. 12.—Quite a sensational shooting affray took place between employees of the Western Lunatic Asylum last night. Dr. Walter A. Lackey, assistant physician at the asylum, was assaulted last evening by John Kingsley, druggist of the institution. Dr. Lackey was in charge during the absence of Dr. W. W. Ray, Superintendent. It was reported that Kingsley was in town drinking and his friends were advised to not let him come to the asylum. Dr. Lackey, as he came against the rail and might have hit the door, Kingsley, hearing this, went to the asylum and seeking Dr. Lackey attacked him, striking him on the head with a shotgun and drawing a pistol on him. A struggle between the doctor and druggist followed. Kingsley was disarmed. Dr. Lackey then hit the institution and once and the police are looking for him.

HAPPENED IN A VERY
UNAMERICAN COMMUNITY.

The following is from the editorial columns of the Lexington Herald:

"Among the telegraphic dispatches sent out by the Associated Press was:

"Lexington, Ind., Dec. 8.—Miss Agnes St. Clair, a teacher at School No. 13, in Sullivan County, Ind., was taken to a pond by a crowd of her pupils this afternoon and given a ducking. The teacher maintained that pupils over a small matter, and during recess it was decided to throw her into the pond after school. Several pupils, from ten to fifteen and eight to twenty, led her to the pond, and, after cracking the ice, held her in the water up to her neck. When two men who were passing by rescued the teacher she was nearly dead from fright and cold, and is in a serious condition."

"It is reckoned this is incredible. There is no neighborhood in Kentucky where this could happen where it could be planned. And if it be true, it reveals a coarseness, a brutality and a depth of depravity that is inconceivable. Whatever faults the men of America have, unconscious reverence for the sanctity of their women is universal; drunkenness and its consequent brutality and among the lowest criminals the hardening of the human nature by crime do sometimes show how men can become brutes by violence to wives and mothers who bear some relation to the brutes. But these youths could deliberately commit the outrage is incredible; and if it be true, we pity Indiana with an unutterable pity that in her rural families such training is possible."

If the Herald knew what kind of a community this thing happened in it would not marvel. That is the place which harbored the murderers of Officer Robert Coffey and confidently defied the authorities of the law to come and get them. But a few determined Kentucky detectives went to Sullivan and brought the fugitives out in the face of a howling mob who did not dare to interfere. Two of the number are now serving life sentences for the murder of Mr. Coffey. Sullivan is a seething hotbed of the extreme sort of miners' unionism that recognizes no law but the pleasure of the union.

The most unique thing in the advertising line happened recently in Minneapolis when a big merchantile company "complimented" the Minneapolis Tribune by perfuming all the white paper used in printing the Tribune for that day. Two barrels of perfume were sprayed on the paper as it went through the press. Of course the merchantile company got the benefit of the advertising, which it deserved, being a very liberal user of newspaper space.

The many substantial endorsements and complimentary comments that have been and are being given The Bee and the Special Coal and Railroad Number are encouraging in the highest degree. These kind words will constitute a fixed asset in The Bee's balance sheet for all time. They come from Kentucky papers in numbers and from numerous widely scattered publications and trade journals in other States of the Union.

The Henderson Gleaner declares that Western Kentucky has wonderful resources, developed and undeveloped, especially in the mining line. The Gleaner has evidently been reading The Bee's Special Coal and Railroad Number.

POLITICAL STATE NEWS.

The Breckinridge News, an independent paper, has scooped the Democratic papers of the state by announcing that Dr. Milton Board, of Hardinsburg, will get the place of superintendent of the Kentucky State Asylum, now occupied by Dr. J. W. Ray. The Hardinsville Kentuckian says that Dr. Ray has, according to rumors, had a fight on to retain his position but this is the first definite position on the subject.

Judge George DuBelle, of Louisville, is thought to be fatally ill at a hospital in that city, though a slight improvement in his condition was noted Tuesday. The illness was caused by a slight contusion of the brain received in a fall on the icy pavement in New York recently. The skull has been trepanned and a puncture taken.

It is thought at Bowling Green that Major E. H. Watt, of that city, will be selected as assistant adjutant general to succeed Percy Hale, recently promoted to adjutant general, on the retirement of Gen. Murray.

Col. Mott Ayres, publisher of the Fulton Leader, will go to Frankfort as deputy insurance commissioner, having arranged a stock company that will publish the Leader in the future.

A new military company has been organized at Cloverport, headed by L. A. Murray, son of former Adjutant General D. R. Murray. The new company will be called the Murray Guards.

George Peters, formerly of Central City and Madisonville, but now of Owensboro, is again a candidate for assistant clerk of the legislature.

John T. Davis, legislator-elected from Ballard and Carlisle is reported critically ill and will not be able to attend opening of the session.

Mr. R. L. Green, Assistant Clerk of the Court of Appeals under Shackelford, has been sworn in as a practicing attorney in Frankfort.

Appointment of Assistant Adjutant General of the Kentucky army has been made but will not be announced until later.

The Elizabethtown News and the Bowling Green News have declared in favor of William R. Hearst for president.

Ex-Gov. John Young Brown, who has been ill for some time at Henderson, is reported in an improved condition.

A Washington dispatch says that D. C. Edwards is there preparing to contest for Dr. Hunter's seat in Congress.

A THOUGHT FOR THE WEEK.

"Be careful in the selection of names. A good article is often spoiled by an injudicious name."

Mr. Pose said the failure of the American Bicyclette Company—the combination was a success—ceased advertising at a critical time.

D. M. Lord, of Chicago, observed that a man might as well expect to maintain steam in a boiler without coal as to attempt to continue a business created by advertising, though dropping the advertising.

Milestone's Poor Stomach.

The worn-out stomach of the overfed millionaire is often passed in public notice as a terrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are subject to such attacks. The operator is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, who, in their too-far-to-riches than the millionaire unless they avail themselves of a standard medicine like Green's August 1903, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower dresses the torso, liver, and intestines in a soft, insuring, perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what you spend in trial bottles, 25c, regular size, 75c.

FRENCH LICK AND
WEST BADEN SPRINGS

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlisle every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick—West Baden Springs"—and this gentleman is a native of Switzerland.

The splendidly wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives in the surrounding country, afford pleasure for those who desire rest and quiet; while at the splendid casinos one can have all the entertainment and social pleasures possible at the most fashionable resorts.

FREE RECLINING CHAIR CARS.

"The Henderson Route"—Always First.

Louisville, Ky., Oct. 20, 1903. The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered—the "Henderson Route," which road has been rightly termed the "Traveler's Delight."

It has just been announced from the general offices of the Louisville, Henderson and St. Louis Railway that they now have in service on the night train between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the car shops and are a revelation to the car line.

The cars are strictly up to date, first class palaces of travel on wheels, and the seats are out of the grandest classes which are promised the public by the Henderson Route. Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly vestibuled and are provided with reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking room being elaborately finished in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and shake of travel in the ordinary railway car, and insure a smooth, comfortable ride.

This is more than a popular feature in travel, according to the traveling public, and we can only suggest that in traveling you "get the 'Henderson Route' habit."

A Fact About Quail.

Now that the annual war of extermination against the quail has opened up, it is not out of place to recall a touching characteristic of this small and beautiful bird. It is that quails once mated are devoted for life—neither male nor female will ever desert its mate for another, and the loss of one of a pair is equivalent to the death of both. If the hen quail, on the death of her mate, is paired with another bird, her eggs are barren and are never known to prove fertile under any conditions. This is a constancy of affection not always imitated by human beings.

Another remarkable fact connected with the American quail is its inability to thrive in foreign countries. It is a fact that no exportation of this bird to other lands has ever succeeded in increasing itself. Its time is apparently propagating, but within a few years invariably becomes extinct. The American quail is distinctly an American institution.—Glasgow Times.

The readers of this paper will be pleased to learn that there is at least one drug disease that science has been able to cure in this state, and that is Cataract. Hall's Cataract Cure is the only positive cure known to the medical fraternity. Cataract being a constitutional disease, requires a constitutional treatment. Hall's Cataract Cure is taken internally, acting directly upon the blood and muscle tissue of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitutional system, and thus doing its work. Two acres immediately west of the Palace of Agriculture at the World's Fair grounds have been converted into a natural garden. There may be seen all the wild flowers and indigenous to the Mississippi and Missouri valleys.

A Thousand Dollars' Worth of Goods.

Mr. A. H. Jones, a well known coal operator of Buffalo, N. Y., writes, "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain, and got relief for a time until I began taking Foleys Kidney Cure, then the result was surprising. A few doses started the brick dust like gravel out of my kidneys, I have a pain across my kidneys and it feels like a new man. It has done me a \$1000 worth of good."

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered LIVER.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

Compliment for Coenen Bros.

The following was clipped from the Morganfield paper and given to show what the people of that city think of the work of Coenen Bros.: "The Coenen Bros., have returned from Dixon, where they have recently completed a large contract for papering and painting. Whenever any work requiring especially good painters is to be done within a radius of fifty miles of Morganfield it seems that the Coenen Bros. are the ones called on to do it."

Summer nights are short, an' apt
To make us lie awake an' scheme;
Winter nights' too long for that,
So we sleep an' snore an' dream.

On a summer morn' we're glad to rise
At the alarm-clock's t-tink-tink;
On a winter morn' we'd rather be wise
So we lie in bed an' think, an' think.

Work is to begin on the new

car works plant at Henderson at

once. It is said the plant will

cost \$200,000, including machin-

ery and equipment. The com-

pany is capitalized at \$1,000,000,

and proposes to give employment

to 200 men on the opening day,

the number to be increased later.

This company will manufacture

Strauss sleeping car and a gen-

eral line of railroad and electric

cars.

Orders have been received at

the car department of the Wab-

ash system at Decatur, Ill., to

make a reduction of 10 per cent

in expenditures for wages. One

hundred and fifty men will be

laid off.

For the first time in the his-
tory of the Cleveland and Indian-
apolis division of the Big Four
railroad, a negro has been em-
ployed as a locomotive fireman. During the past year all but
seventy of three hundred firemen
hired have resigned, and it is
probable that negroes may be
quite generally employed in this
capacity in the future.—*Courier-
Journal*.

Chicago, Dec. 12.—The train-
men of the Chicago and Eastern
Illinois road are to be given a
course of instruction regarding
the best method of giving first
aid to the injured in case of rail-
way wrecks. The project was
started at the annual banquet
which the officials of the com-
pany tendered the surgeons of
the entire system at the Great
Northern Hotel.

The plan is to establish schools
in the various division headquar-
ters and require the trainmen to
attend the lectures and demon-
strations which will be given on
the subject. Examinations will
be held from time to time, and
before many months one car in
each Eastern Illinois train, both
freight and passenger, will have
an emergency box well stocked
with the necessary articles to use
in accidents.

Paducah, Ky., Dec. 11.—The
Illinois Central has made a re-
duction of forty men in its ma-
chine shops here pursuant to or-
ders from headquarters. It is

George E. Evans, general man-

ager of the Louisville & Nash-

cluded the increase of the pas-

senger equipment which the road

is making, and the additional

equipment for the present will

consist of that which is built in

the company's shops.

The Louisville & Nashville has
out its calendar for the year 1904.
These calenders are printed on
cardboard and the twelve months
of the year are on the same
sheet, so that they are on hand
all the year. This calendar has
been the L. & N. standard for
twenty-five years.

The holiday posters issued by
the L. & N. this year are done in
five colors and are very attrac-
tive.

William Tallman of the St.
Louis Car Wheel Co., was at
Howell last Wednesday on busi-
ness.

Engines 1028 and 1029 have
been stopped off at Nashville to
be set up for service on the Hen-
derson Division.

H. Simmonds was at Howell
last Monday in the interest of
the Ganlock Packing Company.

New engines 1018 and 1019 are
being broken in between Earl-
ington and Howell.

A. W. Long, after firing a
short while on the Henderson
Division, has resigned to accept
a position as electrician and tech-
nical engineer for a coal com-
pany.

W. C. Arthurs, vice president
of the Mt. Vernon Car Manufac-
turing Co., stopped off at Howell
shops Thursday while on his way
to Evansville.

The latest news from Col. W.
F. Sheridan is that he is mighty,
mighty homesick, somehow.

The fatal accident to William
Hall, an ex-brakeman of the L.
& N., whose body was managed
between Howell and Evansville
by a Texas passenger train the
other night, is directly chargeable
to whiskey, for the man was
beastly drunk, and the supposi-
tion is that he attempted to board
the train. Whiskey was also
the cause of Mr. Hall's downfall
as a brakeman.

Harvey DeJarnatt, painter at
Howell, has gone to Springfield,
Ill.

Passenger engine 102 was pre-
tety badly damaged in a collision
with the Iron Mountain accom-
modation at E. St. Louis last Fri-
day.

A new system has been adopt-
ed by the L. & N. for handing
and checking the tickets of
through passengers, which is
meant to circumvent ticket
scalpers. The first conductor
takes up the passenger's ticket
and gives him a substitute ticket
which bears complete description
of the original. This is carried
out to the destination, so that
a ticket cannot be used part way,
doctored by a scalper and resold.

The Memphis Commercial Ap-
peal declares that Vice Pres. J.
T. Harahan, of the Illinois Central,
stated to a reporter for that
paper that his company had not
the remotest idea of purchasing the
Tennessee Central.

Prince of Pilsen.

Mr. W. C. Morton went to Evansville
Monday to hear the Prince of Pilsen, which is booked
for Morton's Theatre early in
January. He was highly pleased
and pronounced it a great show
as it really is. The "Prince"
played at McCauley's in Louis-
ville last week to crowded houses.
The music is catchy and
tuneful, with several special
numbers of superior character,
the fun is good and frequent and
clean and the talent is far above
the average in comic operas. As
for costumes and general stage
effects they are superb.

The Prince of Pilsen is one of the
very best comic operas on the
American stage this season and
Mr. Morton is to be congratulated
of that which is built in
the company's shops.

Charles H. Mix is resigned
his position as machinist at Howell.
Mr. Mix has gone to Nash-
ville, where it is thought he will
make his future home.

Three of the 600 class of engi-
neers have been turned over to the
Memphis Line for service there.

W. L. Wittenberg of Howell
went to East St. Louis on busi-
ness for the Company Thursday.

F. L. Dice, machinist at Howell,
will go to Minneapolis, Minn.,
in a few days.

Fireman C. H. Brundick is vis-
iting in East St. Louis.

Traveling fireman P. J. Dillon
will spend Christmas with his
father and mother at Louisville,
Ky.

NEW ORLEANS
FLYER WRECKED

Passenger Train on the Louisville &
Nashville and a Freight Col-
lide at East St. Louis.

THE ENGINE CREWS ESCAPED
BY LEAPING FROM THEIR CABS

Mail Car Went Down a Twenty-
Foot Embankment, Slightly In-
juring Three Mail Clerks—The
Passengers Rudely Shaken Up,
But Only Badly Scared.

St. Louis, Dec. 13.—Speeding along at
the rate of 30 miles an hour, the "New
Orleans Flyer" of the Louisville &
Nashville, carrying 120 passengers, and a
freight train of the St. Louis, Iron
Mountain and Southern, derailed, and
collided with a freight train at Third street and
St. Clair avenue, East St. Louis, at 7:40
o'clock Saturday morning.

Jumped for Their Lives.

The accident meant life or death to
the engine crews. Without a moment's
deliberation, the men leaped from their
cabs and escaped to the ground.

The mail car attached to the pas-
senger train was telescoped, and the
mail clerks escaped unharmed.

Spickard and McCormick received
cuts on the face, but otherwise the
mail clerks escaped uninjured.

In a jump from his mail car, Clarence
Shaw, fireman on the passenger train,
was painfully bruised about the face and
body. Lifting himself to his feet, and without waiting for a physician,
he started for home.

Passenger Rudely Shaken Up.

All of the passengers were badly
shaken up, and some of them were
thrown to the floor. The women screamed in their fright, and for a few moments the strongest
nerves gave way.

The Louisville & Nashville train
consisted of three passenger coaches,
a mail car, three sleepers and a baggage
and express car. The freight train
was made up of four coal cars.
The Iron Mountain and Southern
was the in-bound track, and the passenger
was coming west. Near Third street and
St. Clair avenue is a half-mile
curve. Around this the passenger train
was speeded, when the freight came in
from the east. The train was just 20
yards apart. It was too late to stop.

The engines are almost a total
wreck, the collision piling them on
upon the other.

WILL TRAIN ITS TRAINMEN.

The Chicago & Eastern Illinois
Company Will Train Its Train-
men to Give First Aid.

Chicago, Dec. 13.—The trainmen of
the Chicago & Eastern Illinois road
are to be given a course of instruction
regarding the best method of giving
first aid to the injured in case of rail-
way wrecks. The project was
started at the annual banquet which
the officials of the company tendered
the surgeons of the entire system at the Great
Northern hotel.

The plan is to establish schools
in the various division headquar-
ters and require the trainmen to
attend the lectures and demon-
strations which will be given on
the subject. Examinations will
be held from time to time, and
before many months one car in
each Eastern Illinois train, both
freight and passenger, will have
an emergency box well stocked
with the necessary articles to use
in accidents.
